LITHUANIAN

ENGLISH

## ABOUT ME

I am a creative and detail-oriented individual with a strong foundation in logical thinking. I have experience with **C#, Python**, and **Java**, along with front-end technologies such as **HTML/CSS** and **JavaScript**. My goal is to expand my expertise in web development, particularly in front-end technologies, and explore new challenges within this field. Currently, I am seeking job opportunities in **web development** and **front-end development**, where I can apply my skills and further develop my knowledge. While I thrive in collaborative team environments, I am also highly capable of working independently and taking the initiative to solve problems. Although I am relatively new to professional roles, I am eager to learn, grow, and contribute meaningfully. I am excited about the chance to join a dynamic team and explore opportunities in web development and front-end technologies.

## WORK EXPERIENCE

### Assembly Operator

PKC GROUP LITHUANIA, UAB / Panevėžys / Jan 2021 - Dec 2021

In this role, I was responsible for the efficient assembly of required cables for orders. I also helped resolve errors and ensured proper cable arrangement. Additionally, I assisted my supervisor in generating reports and managing invoices.

### Assembly Operator

DOMINARI, UAB / Panevėžys / Jan 2022 - Dec 2023

In this role, I closely collaborated with the team to manufacture beds according to specific orders and contributed to the gathering of necessary resources.

## EDUCATION

### GED

Panevėžys & JUOZO MILTINIO  
GIMNAZIJA  
2020

### Bachelor

Vilnius & VILNIAUS KOLEGIJA  
2025

Faculty of Electronics and Informatics,  
Software Engineering

## INTERNSHIPS

### Web Development

Triplex audax, UAB / Panevėžys / Apr 2024 - Jun 2024

I completed an internship at this company, where I worked on developing a website using the WordPress platform. During the internship, I utilized HTML, CSS, and JavaScript programming languages. Additionally, I contributed to website optimization and improving user experience. I gained valuable knowledge about website development processes and project management.

### Full-Stack Developer

AQ Wiring Systems / Panevėžys / Sep 2024 - Nov 2024

During my internship at AQ Wiring Systems, I developed an **AppLauncher tool** using **C#, XAML, .NET 8.0**, and **WPF**. The tool was designed to streamline the management and launching of internal programs, providing a centralized, user-friendly solution for employees. I applied the **MVVM model** to ensure a clear separation between logic and the user interface, making the application easier to maintain and extend. Additionally, I integrated a **Swagger API** to manage program versioning and provide seamless updates.
